Methodology

The Recent Alumni Survey (RAS) is a web-based survey administered to TCU alumni by email invitation one year after graduation. From August 2006-May 2009, a survey was sent via e-mail to 4,514 baccalaureate graduates from August 2005-May 2008. Three hundred sixty-seven e-mail notices were returned as undeliverable resulting in a final population of 4,147. Nine hundred forty-four alumni responded to the survey yielding a response rate of 23%. The subsequent tables and appendices provide information on post-graduate employment and educational study.
