There are two ways to log into SmartEvals!

**Login Method 1**

Log into [https://my.tcu.edu](https://my.tcu.edu) using your TCU username and password.

From the **Main Menu** drop-down box >> select **Faculty** or **Student Center** folder >> select **SPOT**.

**Login Method 2**

eSPOT may be accessed by clicking on the time-sensitive link found in your system generated e-mail. The link is only active for about two weeks from the date that the e-mail was sent. **The e-mail should not be forwarded since it contains a direct link to your personal eSPOT account.**
